Payment Options

Inclusions: This invoice is for the telemedicine hardware purchase to include component procurement, assembly, testing, delivery, set-up on location, up to 4 hours of staff training, an optional 1 hour webinar on use of the equipment, online knowledge base support, limited email and phone support.

Exclusions: We do not install facility infrastructure such as cable, fiberoptic lines, modems, routers, and more. We do not manipulate facility structures (for example: drilling into walls). We procure equipment and are not a supplier. All warranties are limited to the manufacturer’s warranty on all items. This estimate does not include ongoing costs or the provision of medical, behavioral health, or dental clinical services. This estimate does not include any costs associated with your facilities selection of telehealth software.

Implementation Timeline: Once payment is received we expect it to be less than 6 weeks to delivery, installation, and training. However, lead times on obtaining components may vary and the timeline may be extended.
