ROUTT COUNTY BOARD OF COUNTY COMMISSIONERS

AGENDA COMMUNICATION FORM

V. BACKGROUND INFORMATION:

Prior 911 phone systems have been housed in the bottom floor of the Routt County Sheriff's dept. There is an A & B side to the system but with both sides housed in the same room the county was left exposed to failures due to floods or other natural or manmade incidents that would leave the system to fail. Routt County Communications has recommended that the new system be separated with the B side placed in the Grand County Communications facility. This will establish a geodiverse feature and eliminate the exposed current in place. Mammoth Network will install and maintain the fiber connection between the two facilities. The cost of this network will be paid by Routt County Communications and at year end reconciled and a reimbursement of 50% of the cost will be paid by Grand County.

VI. LEGAL ISSUES:

The Intergovernmental Agreement for the Sharing of the E911 Phone System Infrastructure between Grand County and Routt County has been reviewed and stamped off by the County Attorney.

VII. CONFLICTS OR ENVIRONMENTAL ISSUES:

None

VIII. SUMMARY AND OTHER OPTIONS:
