FUNDING SOURCE: Communications Operating Budget

IV. IMPACTS OF A REGIONAL NATURE OR ON OTHER JURISDICTIONS (IDENTIFY ANY COMMUNICATIONS ON THIS ITEM):

N/A

ROUTT COUNTY BOARD OF COUNTY COMMISSIONERS

AGENDA COMMUNICATION FORM

V. BACKGROUND INFORMATION:

The purchase of Motorola radios conforms to the radio purchases made by the Communications Department in previous years. These radios are required to maintain interchangeability and compatibility with the current, existing, integrated system and to maintain standardization, which facilitates training, repairs and maintenance. Standardization also keeps programming complexity and costs to a minimum.

The benefits of a single dual band radio in the Airport Director's vehicle is that he will have the ability to monitor the Airport's Operations, Safety, and Security as well as West Routt Fire and other Federal partners operating in the VHF band in case of emergencies - specifically aircraft emergencies.

The original request was part of the Yampa Valley Regional Airport capital request included with the replacement of the YVRA Director's vehicle; however, it was not communicated to the Communications Department to include in their capital replacement budget for the radio.

This purchase request follows the policy and procedure cited in the Routt County Purchasing Manual 6th edition, section 6.3, "[Colorado State Pricing Agreement](#) may be used for a purchase of any size or amount; however any purchase over \$20,000 must be approved by the BCC prior to issuing a purchase order".

VI. LEGAL ISSUES:

None

VII. CONFLICTS OR ENVIRONMENTAL ISSUES:

None

VIII. SUMMARY AND OTHER OPTIONS:

Recommendation to the BCC approve the State Bid Purchase and authorize the County Manager to electronically sign the Purchase Order to Motorola Solutions, Inc. for the purchase of one APX8500 Mobile Dual Band Radio in the amount of \$5499.99, which will be installed in the new Yampa Valley Regional Airport Director's vehicle.
