II. Target Population. In recognition of the goals of the Collaborative Management Program (CMP), children, youth and families across systems are identified and served according to their contact with collaborative programs. The CMP target population consists of at-risk children and youth ages birth through twenty-one (21) years of age and their families who would benefit from a multi-system integrated service plan or multisystem approach. An Individualized Service and Support Team (ISST) includes two (2) or more system representatives that are present to assist a child/youth/family with developing an integrated service plan directed by family need. The ISST identifies goals and facilitates collaboration and is a family-driven model for service planning. The child/youth/family members are present at and participating in the development of their plan. *Routt County IOG* serves their target population(s) directly through an ISST(s) called: *Routt County ISST*.

Routt County IOG may also include *Fatherhood, First Impressions, Routt to Work, Day Treatment Alternative Program, 5th Grade Transition South Routt School, Routt County Youth Service Coalition, Partners of Routt County, Rocky Mountain Youth Corp., Youth Resiliency Program with NW Colorado Health.*

The CMP's ISST model 1 Family Engagement Meetings and ISST Staffing. It functions as an integrated service planning model with specific policies and procedures as listed in the ISST Handbook, Appendix B and Brochures, Appendices C1- C9. This ISST(s) model takes a two-generation (2Gen) approach in an effort to holistically serve Colorado's families by focusing on the overall health and well-being of the family. Many of Routt Counties programs naturally are 2Generational. Therefore, Routt County CMP included all mentioned below as 2 Generational approach. This ISST is linked to the following performance measure: CMP youth with no new open involvements

COLLABORATIVE MANAGEMENT MEMORANDUM OF UNDERSTANDING

SFY 2019-2020

- Routt County CMP provides a multisystem, 2Gen, prevention program by funding the *Routt to Work Program*. Routt to Work, a community-engaged collaborative, created in conjunction with Routt County DHS, United Way and Lift-Up, supports motivated low-income individuals (over 18) and families (with children) as they work to attain their goals of increased stability and economic mobility, and prevention of further involvement within the system. (Program brochure or description added as Appendix C-1) CMP youth with no new open involvements
- Routt County CMP provides a multisystem, 2Gen, prevention program by funding the *5th Grade Transition South Routt School District-* The transition program that Day Treatment teacher, Rita Rhodes provides in the summer months offers extra orientation/visit time for 5th graders and their parents both at the beginning of the summer and again at the end of the summer, right before school starts. The Parties agree to financial risk sharing where commitments to support programs exceed the remaining monies available. The fiscal agent for Routt County IOG is Routt County Department of Human Services and by signing here _____ (signature of fiscal agent) agrees to assume financial risk. The financial risk defaults to the fiscal agent unless otherwise stated here_ _____. For this reason, *Routt County IOG* projects a conservative budget based on currently available resources.

Each mandated party to this MOU agrees to maintain insurance or self-insurance throughout the term of this MOU and to assume the risk as determined by their agency for their services and the employees under their supervision. Further, each mandated party agrees to be solely responsible for liability incurred as a result of participation in this MOU based on its own actions or the actions of its employees or other persons under its supervision. No party shall be responsible for liability incurred based on the actions of another party or of persons employed or supervised by another party. All contracted service providers shall meet their supervising agency requirements, and to the extent possible annually sign a state/county approved contract that outlines an indemnity agreement, confidentiality commitments, a HIPAA compliance addendum, cyber-security and immigration compliance requirements.*
- **Resource Pooling;** *Routt County IOG parties will encourage cost-sharing through pooling resources for effective and efficient care management to increase the buying power of funding sources. This can be through in-kind and/or cash contributions. Resource pooling allocations shall be guided by statute, policy, need, or request. - A. Reduce duplication and eliminate fragmentation of services provided to children, youth and families who would benefit from integrated multi-agency services. The Parties will reduce duplication and fragmentation of services by: The Parties will reduce duplication and fragmentation of services by: bringing together the agencies that are currently involved with referred families (or that could be) and then addresses the family and child(ren)'s strengths, areas of concern, where the family is currently receiving services and then what gaps in service exist. multi-agency services, to achieve better outcomes. We do this by incorporating a *Wrap-Around Model* within the meetings and following our *10 Guiding Principles* below:

1. **Family voice and choice:** Family and youth/child perspectives are intentionally elicited and prioritized during all phases of the wraparound process. Planning is grounded in family members' perspectives, and the team strives to provide options and choices such that the plan reflects family values and preferences.
2. **Team based:** The wraparound team consists of individuals agreed upon by the family and committed to them through informal, formal, and community support and service relationships.
3. **Natural supports:** The team actively seeks out and encourages the full participation of team members drawn from family members' networks of interpersonal and community relationships. The wraparound plan reflects activities and interventions that draw on sources of natural support.
4. **Integration:** Team members work cooperatively and share responsibility for developing, implementing, monitoring, and evaluating a single wraparound plan. The plan reflects a blending of team members' perspectives, mandates, and resources. The plan guides and coordinates each team member's work towards meeting the team's goals.
5. **Community-based:** The wraparound team implements service and support strategies that take place in the most inclusive, most responsive, most accessible, and least restrictive settings possible; and that safely promote child and family integration into home and community life.
6. **Culturally competent:** The wraparound process demonstrates respect for and builds on the values, preferences, beliefs, culture, and identity of the child/youth and family, and their community.
7. **Individualized:** To achieve the goals laid out in the wraparound plan, the team develops and implements a customized set of strategies, supports, and services.
8. **Strengths based:** The wraparound process and the wraparound plan identify, build on, and enhance the capabilities, knowledge, skills, and assets of the child and family, their community, and other team members.
9. **Persistence:** Despite challenges, the team persists in working toward the goals included in the wraparound plan until such time as the family has met their goals and/or are no longer requesting assistance from the ISST.
10. **Outcome based:** The team ties the goals and strategies of the wraparound plan to observable or measurable indicators of success, monitors progress in terms of these indicators, and revises the plan accordingly.

A child, youth or family may be counted for multiple service episodes supported by several multi-systems partnerships.

XII. Termination of MOU. The Parties acknowledge that withdrawal from this MOU of any Mandated Party shall result in the automatic termination of this Agreement and termination of the collaborative system of delivery of services developed hereunder. Any Party withdrawing due to loss of funds will provide notice of withdrawal, in writing within 30 days.
- C. Distribution of Funds.** The Parties have established a collaborative management process addressing the distribution of funds if the MOU is terminated as further described in the by-laws/procedure guide. *- In the event the Routt IOG is dissolved due to the departure of a mandatory member, as defined by statute, an emergency meeting of the remaining IOG members will be called within 7 days to vote upon distribution of remaining funds. Distribution of remaining funds will be decided upon by a vote of all mandated partners who are in attendance at the meeting for the current MOU.*
