

ROUTT COUNTY

ASSISTANT AIRPORT SECURITY COORDINATOR

Created: June 2022

Family: Public Safety

Department: YVRA

Approved: County Manager

Pay Scale: Airport Security Coordinator

FLSA Status: Non-Exempt

Date: June 2022

SUMMARY:

Under direction, leads, coordinates and performs security duties per Transportation Security Administration (TSA) regulations for the Yampa Valley Regional Airport (YVRA); maintains a safe and secure airport environment by coordinating security matters with TSA, law enforcement, airlines, airport tenants, airport staff and emergency responders; monitors and seeks resolution of operational concerns, unusual situations, and emergencies in the terminal, apron or other airport facilities; assists the Airport Security Coordinator (ASC) with the maintenance of airport security programs, security directives and airport tenant activities for compliance with TSA as well as local and state regulations; manages day-to-day security operations and security badging requirements; completes forms and prepares routine correspondence, reports and other documents; and performs other related duties as assigned.

CLASS CHARACTERISTICS:

An incumbent in this class leads, coordinates, and performs airport security duties to assist in ensuring YVRA compliance with applicable laws, regulations, policies, and standards. The incumbent interacts with airline staff, airport tenants, airport staff and the general public. An incumbent at this level receives occasional supervision while enforcing specific procedures or use of equipment required to meet assigned objectives, solving non-routine problems, and working toward a definite objective that requires the use of a wide range of procedures.

SUPERVISION EXERCISED:

An incumbent in this class serves as a lead worker over subordinate technical, clerical, and other support staff.

JOB DUTIES:

The duties listed below represent the various types of work that may be performed. The omission of specific duties does not prevent the assignment of work that is appropriately related to this class.

- Assists in the maintenance of the Airport Security Plan (ASP); reviews and documents airport security programs and directives and security activities of airport tenants and employees to ensure compliance with local, state and federal security regulations; ensures availability of documents for review by federal agencies.
- Serves as a lead worker by training, monitoring, and reviewing the work of Airport Security Guards and other airport employees performing security duties; recommends policies and procedures updates for areas of assignment to the ASC; monitors and documents work unit activities.
- Leads and participates in the monitoring of airport visitors and passengers for potential security or safety issues; verifies visitor and vendor identifications; serves as the first line of defense in preventing a breach into the sterile area from the baggage claim area.
- Monitors all access points to secure areas in compliance; ensures the completion of mandatory badge inspections and prohibited items checks.
- Ensures airport and terminal access control and maintains a sterile exit area in compliance with TSA regulations and YVRA policy; ensures completion of mandatory daily quota of random badge inspections and prohibited items checks.

ROUTT COUNTY

ASSISTANT AIRPORT SECURITY COORDINATOR

- Validates customers' need for security clearance and authorizes access to Security Identification Display Areas (SIDA); conducts background verifications on SIDA badge applicants; issues and activates access badges to successful applicants; maintains the operational capability and security of the badging system.
- Initiates corrective action for failure to comply with Title 49 of the Code of Federal Regulations (CFR) Volume 9, Chapter XII, Part 1500, the airport security program, or other security directives. Reviews and monitors the results of access investigations required under 49 CFR Part 1500.
- Acts as a liaison with air carrier station managers and ground security coordinators regarding airport and air carrier security issues; represents airport management in coordinating airport emergency and disaster management plans with the TSA, law enforcement agencies, U.S. Customs, airlines and other tenants, and emergency relief organizations.
- Assists with plans for the annual TSA inspection; assists with designs for security exercises to train and rehearse airport and airline personnel, tenants and emergency relief organizations in a wide variety of disaster contingencies; assists with evaluations of exercises and actual emergency response results to ensure a high level of security; communicates outcomes to participants and management; recommends changes to security procedures, policies and practices as appropriate.
- Maintains awareness of existing and new legislation impacting airport security; assists the ASC with verification of YVRA compliance with federal, state, and local requirements; anticipates future legislation and assists with development of plans to meet new security requirements.
- Assists with emergency mobilization procedures; tests response by working with airport staff, law enforcement, and public and private safety and security resources; helps direct the mobilization of emergency responders in the event of emergencies or disasters.
- If the first on the scene of a terminal emergency, communicates the nature and location of the emergency with the arriving staff; may assist with activating fire alarms and medical response calls; may serve as the point of contact for law enforcement and security gate guards.
- Investigates unattended baggage found at the airport.
- Updates and maintains information in databases, spreadsheets, activity logs or other resources; locates and retrieves requested information from manual or computerized systems.
- Completes forms and prepares routine correspondence, reports, and other documents.
- May act in the absence of the ASC as assigned.
- Performs other related duties as assigned.

QUALIFICATIONS:

Education and Experience

Any combination of experience and education that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Education:

Possession of a high school diploma or equivalent.
