The description of specific responsibilities and powers in this Section shall not, however, limit the general powers of the Authority described in Section 6.01 of this Agreement.

(a) Regional Transportation Systems. The Authority shall coordinate and may operate and fund Regional Transportation Systems and provide such related services as are necessary in order to effect the Authorized Transportation Projects described in Appendix C, as may be amended from time to time in accordance with Article 12 of this Agreement.

(c) Regional Transportation Demand Management. The Authority shall develop plans, programs, and materials to support individuals and employers in their efforts to reduce single-occupancy vehicle trips and mitigate climate impacts in Eagle County, in coordination with local jurisdictions, CDOT, NWCCOG, the I-70 Coalition and other relevant organizations.

(d) Enhance Local, State, and Federal Coordination.

(i) The Authority shall represent the Eagle Valley region with regard to state and federal legislation affecting available funding to support regional transit operations and with regard to legislation affecting operations.

(ii) The Authority shall coordinate with the Colorado Department of Transportation (“CDOT”) and federal governing agencies to enhance regional transit, including but not limited to, improvements to connections to the Authority area via Bustang and other statewide bus programs and increased air service to the Eagle County Regional airport.

(e) First-Last Mile Solutions. The Authority may study, design, financially support and implement, with partnerships as appropriate, first and last mile improvements to enhance transit ridership, including but not limited to park and rides, pedestrian crossings, and regional innovative mobility programs such as regional e-bike sharing, on-demand microtransit, and community vanpools.

(f) Contract Transit Services.

(ii) The Authority will initially enter into contracts with Eagle County for the continuation of ECO Transit service during the ECRTA Transition Period (as set out more specifically in Article 8 below) and shall reasonably cooperate with Eagle County to provide for the continuation of employment for personnel currently employed by Eagle County in the provision of transit services within the Boundaries of the Authority during the ECRTA Transition Period, and on eventual transition to employment by the Authority, as further described in the Transition Plan (defined in Section 8.03).

(g) Local Service. The Authority may fund services that operate solely within the boundaries of a single Member (as distinguished from regional services) but, except as otherwise

(h) Transportation Related Infrastructure. The Authority may assume the maintenance of existing facilities and may develop new facilities, including but not limited to park-and-rides, transit stops, vehicle maintenance garages, other transit and rail infrastructure, trails, or other necessary infrastructure related to operations under the purview of the Authority.

## **2. Increase Service on Current ECO Routes**

The Authority shall begin planning for one or more of the following enhancements, to be introduced as soon as equipment, staffing, and facilities allow:

- Increased capacity and/or service frequency on Highway 6.
- Increased all-day service frequency on Valley Route, including additional daily connections to Dotsero.
- Increased service to/from Leadville.

## **3. Develop and Implement New Transit Routes**

Develop and implement new transit service no later than December 31, 2024, to meet needs identified during the RTA formation process, including but not limited to:

- 3) Airport Express Service  
Additional service connecting Eagle County Airport to Avon, Beaver Creek, and Vail

In addition, the Authority may explore the feasibility of offering additional regional transit services as needs are identified in future Transit Development plans.

#### **4. Accelerate Conversion of Fleet and Facilities to Zero-Emission Operations**

The Authority shall take the following steps toward zero-emission operations:

- 1) Conversion of ECO's existing Highway 6 bus service to a zero-emission platform, on a timeframe that evaluates available grant funds, anticipated increases in range and performance capacity of zero-emission buses, and allocation of available Authority funds to other expenditures which may increase ridership.
- 2) Development of zero-emission plans, timelines, and budgets for additional routes and facilities as outlined in an initial RTA Transit Development Plan, to be created following RTA formation.

#### **5. Invest in Transit-Related Facilities and Infrastructure**

The Authority shall allocate a portion of available revenues to upgrade existing facilities to support planned service expansion. In addition, funds will be set aside in a capital improvement fund to support fleet replacement and future construction of essential transit-related and transit-supportive facilities. Uses of these funds may include:

- 1) Expansion of the existing Swift Gulch or MSC facilities to support additional operations and/or dedicated staff housing.
- 2) Construction and/or expansion of additional facilities as identified in the initial Transit Development Plan (TDP).

#### **6. Support Local Air Service**

The Authority shall pledge funding in the minimum amount of \$1,200,000 dollars per year to support expanded year round air service for residents and visitors of Eagle County.

#### **7. Regional Transportation System Planning**

The Authority shall embark on a 5-year Transit Development Plan (TDP) as one of its first tasks upon formation. This plan should be completed within 12-18 months of the appointment of the initial Authority Executive Director.
