Environmental Health's signature: _____ Date and time: _____

**Inspections conducted by Routt County Environmental Health employees are limited to the authority expressly authorized by the State of Colorado Department of Public Health and Environment. It is recommended that an applicant contact the local Fire District to verify compliance with any established fire code.*

Restrictions and Requirements:

Please Note: The Colorado Clean Air Act does not allow fires that are a nuisance to others.

1. The owner or responsible person shall contact Routt County Department of Environmental Health to verify a smoke dispersal forecast of fair or better before igniting the burn at 970.870.5588. OR by visiting <http://www.co.routt.co.us/DocumentCenter/View/7662/Open-Burn-Smoke-Dispersal-Forecast> to verify the smoke dispersal forecast for your location.
2. The owner or responsible person shall notify Routt County Communications prior to ignition at 970.879.1110
3. Burning shall be restricted to the item(s) and location as indicated on permit.
4. This permit shall be available at the burn site while burning, and it must be shown upon request of an appropriate official.
5. The permit is for compliance with air pollution control requirements only and is not a permit to violate any existing local laws, rules, regulations, or ordinances regarding fire, zoning, or building.
6. The permittee is responsible for obtaining any additional permits and/or clearances from any appropriate fire office, any local agency, home owners association, or other officials.
7. Open burning is only allowed during daylight hours. All fires must be extinguished before dusk.
8. Open burning is not allowed during periods of extreme fire danger or during air pollution emergency or alert.
9. Construction materials, treated or painted woods, trash, any plastics, tires or similar dense or toxic smoke producing substances are prohibited from being burned.
10. Open burning is prohibited within 30 feet of any structure.
11. A responsible person must attend open burning at all times.
12. Adequate fire control equipment (shovels, water, fire pumps, etc.) must be kept on site and available while burning.
