**AGENDA COMMUNICATION FORM**

**V. BACKGROUND INFORMATION:**

The purchase of Motorola radios will conform to the radio purchases made by the Communications Department in recent years. These radios are required to maintain interoperability and compatibility with the current, existing, integrated system and to maintain standardization, which facilitates ease of training, repairs and maintenance. It also keeps programming complexity and costs to a minimum.

YVRA received funding from the FAA for the purchase of a broom for snow removal at the airport. The FAA funds do not cover the purchase of the required radio needed to safely operate the equipment on the airfield. The funding will come from the Airport CARES Act.

Motorola Solutions is the sole provider of this equipment through the NASPO agreement. The quote is attached.

This purchase request follows the policy and procedure cited in the Routt County Purchasing Manual 6<sup>th</sup> edition, section 6.3, "[Colorado State Pricing Agreement](#)" may be used for a purchase of any size or amount; however any purchase over \$20,000 must be approved by the BCC prior to issuing a purchase order".

**VI. LEGAL ISSUES:**
