X-RAY Detection Systems
(SIN 426-4K)

All conveyorized X-ray units come standard with Multi-Energy, which identifies material as Organic or Inorganic, according to the object's atomic number.

All conveyorized X-ray units come standard with REAL CLEAR™ (an operator-selectable image enhancement that offers additional dense object penetration without the loss of imaging less-dense items.)

All units come with 1-year warranties; extended warranty available.

X-ray Models shown are marked with either an "A" or a "MA." The "MA" models have 51% or greater U.S.A content. The "A" models have foreign content greater than 51% and will not have a GSA price associated with them.

****All GSA prices are inclusive of the IFF. The Industrial Funding Fee is currently .75%**
