V. BACKGROUND INFORMATION:

Planning Commission heard this application at their July 21, 2022 hearing. They voted to recommend approval with a 7-0 vote. They added a recommended condition that would require the applicant to post a bond for reclamation of the site once the operation ends. Due to this, the Board tabled the application until August 23, 2022 at 9:35 am to give staff time to research this condition. Staff was not able to determine appropriate language and needs additional time to research the scope, cost, etc. that this bond would require.
