**RE:** Museum & Heritage Capacity Building Grant request  
Community House restoration

Dear Candice:

The Routt County Board of County Commissioners (BCC) met on November 9, 2021 to consider the funding recommendations made by the Museum & Heritage Fund Advisory Board.

This letter is to inform you that the BCC voted to accept the recommendations made by the Museum Board and approve the grant presented- the Steamboat Springs Community House restoration, for \$10,000, pending the inclusion of an interpretive sign to be posted no later than the end of the 2 year grant period. All reimbursements are up to the amount awarded or 50% of the expenditures, and applicable matching funding must be received.

If you have any questions concerning our recommendations for funding or the BCC's decision, please contact me at 970-870-5315.

Sincerely,

Kendra Alfieri, Staff Assistant  
Museum & Heritage Advisory Board
