NOTE: Attendance is important for boards to function at a highly effective and efficient level. There is a requirement for 70% attendance to the boards and renewal of seats will be measured on attendance and meaningful contribution. YVHA time commitment is 4-10 hours expected per month for board meeting preparation, monthly board meeting, and work team service.

YVHA's strategic goal is to seat a Board that has a diverse and inclusive balance of technical knowledge and lived experience within the community to further the organization's mission. There is a wide range of attributes that applicants may have to accomplish this strategic goal. Some of the skill sets which benefit the YVHA are:

- **Finance**
- **Asset or Property Management**
- **Health Equity**
- **Non-Profit Human Resources**
- **Residential Real Estate Development (multi-family and single family)**
- **Corporate Organizational Management (senior management, HR, Board of Director service)**
- **Philanthropic Organizations**
- **Public and Private Grant Work**
- **Public Policy Work**
- **Other technical experience**

Please give examples of how your previous experiences reflect the above skill sets and how they will help you contribute to the YVHA:

What has YOUR lived experience of housing both in and out of Steamboat Springs? These may include being a current or past YVHA client/resident, generational experience, human resource interactions, socio-economic or demographic experiences, etc., all pertaining to housing.

What are the top 3 most important issues facing the Steamboat Springs community and YVHA? Specifically, how does the current strategic plan of YVHA address your stated issues and why do you wish to serve on the YVHA Board?

The YVHA board is a complex, growing board. Do you feel your voice will be heard? Are you able to measure different ideas and make suggestions and/or have disagreements to better the board perspective and point of view? Briefly explain how you feel you can do this.
